Commenting on the Company's financial performance and recent developments, Mr. Dhruv M. Sawhney, Chairman and Managing Director, Triveni Turbine Limited, said:

*"In the quarter and half year ending September 30, Triveni Turbines has reported yet another strong set of results across all key metrics of revenues, profitability and order booking. Revenues for H1 FY 24 grew 38%, with improved margins leading to higher Profit Before Tax (PBT) growth of 44% and Profit After Tax growth of 48%, over the previous year.*

*The Company has been focused on increasing the share of exports to address a larger market globally along with widening its aftermarket services portfolio with a view to diversify avenues for growth and improve its profitability pool due to better margin profiles of both. We are pleased to report that the contribution of exports to sales has increased from 41% in H1 FY 23 to 47% H1 FY 24. Aftermarket as a % of sales contributed to 33% in H1 FY 24 as compared to 25% in previous corresponding period.*

*In the product segment, the momentum remains strong both in India and in international markets. Strong demand is witnessed in both industrial and API drive turbines. Order booking for product segment in H1 FY 24 increased by 16% y-o-y to ₹6.13 billion with demand from a diverse set of industries such as Sugar, Distillery, Steel, Oil & Gas among others. Despite the global turmoil, we remain constructive on our growth prospects in the medium-term and have good visibility of underlying demand through our robust enquiry book which has increased 33% y-o-y in H1 FY 24 with a positive contribution from both domestic and international enquiries.*

*Our aftermarket business has been expanding its horizons through a wider array of customer solutions going beyond industrial steam turbines to other rotating equipment, while expanding its global footprint. Aftermarket sales grew a remarkable 81% over the previous corresponding period. In terms of order booking, the segment grew 57% to ₹ 2.99 billion in H1 FY 24 with strong performance both in domestic and international orders coming from efficiency upgrade and automation orders.*

*With the burgeoning demand for higher efficiencies and sustainable power generation, the Company continues to run an expansive R&D programme that focuses on quality enhancements for existing product portfolio, digitalization, new product development aimed towards energy transition & sustainability, along with innovations to provide customer-centric solutions. We continue to collaborate globally with domain experts, renowned universities & design-houses, to maintain a competitive edge and drive long-term sustainable growth for our various stakeholders.”*
