Notes to the standalone financial results for the quarter and nine months ended December 31, 2017:

- 1. The Company primarily operates in a single reportable segment Power Generating Equipment and Solutions.

Accordingly the revenue for the current quarter and nine months ended December 31, 2017 is not comparable with the previous periods. Further the profit after tax is not comparable due to the adoption of Hedge Accounting in the current financial year as a result of which hedging gains/losses have been considered in Other Comprehensive Income as against other income / expenses reported in the previous periods.
- 3. Interim dividend @ 45% (i.e. ₹ 0.45 per equity share of ₹1/- each) for the financial year 2017-18 aggregating to ₹1787 lakhs (including dividend tax) has been paid during the quarter ended December 31, 2017.

- 2. Post implementation of Goods and Service Tax ("GST") with effect from July 1, 2017, revenue from operations is disclosed net of GST. Revenue from operations for the earlier periods included excise duty which is now subsumed in the GST. Revenue from operations for the nine months ended December 31, 2017 includes excise duty upto June 30, 2017. Accordingly the revenue for the current quarter and nine months ended December 31, 2017 is not comparable with the previous periods. Further the profit after tax is not comparable due to the adoption of Hedge Accounting in the current financial year as a result of which hedging gains/losses have been considered in Other Comprehensive Income as against other income / expenses reported in the previous periods.
- 3. The above is an extract of the detailed format of Financial Results for the Quarter and nine months ended December 31, 2017 filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing and Other Disclosure Requirements) Regulations, 2015.
