(“**Company**”) believes that equity-based compensation plans are an effective tool to reward the talents working with the Company and its subsidiaries (present as well as future). The Company intends to implement an equity-based compensation plan with a multifaceted purpose in mind. Firstly, it aims to cultivate a high-performance culture that aligns with the organization’s growth vision. Additionally, this plan seeks to serve as a powerful motivator for expediting corporate growth and enhancing shareholders’ value. Furthermore, it will play a pivotal role in fostering collaboration and teamwork among employees of the Company and its subsidiaries. Moreover, the plan will be instrumental in harmonizing employees’ long-term incentives with the Company’s goals, while also serving as a means to recognize and reward outstanding performance, thereby retaining key talent critical to Company’s success. Lastly, it will function as a valuable tool in attracting top-tier talent from the market, bolstering the Company’s competitive edge in talent acquisition.

Given the background above, the Company proposes to implement an employee stock unit plan namely **Triveni Turbine Ltd - Employee Stock Unit Plan 2023 (“LTIP 2023”/ “Plan”)**, contemplating grant of employee stock units (“**Units**”) at face value of equity shares of the Company to the eligible employees as provided in the Plan. The criteria to select employees for grant would be determined by the Nomination and Remuneration Committee (“**Committee**”) based on factors such as length of service, grade, individual performance ratings over past few years, present contribution, potential contribution, conduct, etc. at it may deem relevant. At the same time, the Company is aware that any discount to the market price should be compensated with appropriate vesting conditions based on achievement of mandatory performance conditions as elaborated herein below.

Accordingly, the Committee and the Board of Directors of the Company at their respective meetings held on September 19 2023, had approved the introduction of the Plan, subject to Shareholders approval.

As per the provisions of Section 62(1)(b) of the Companies Act, 2013 read with Rule 12 of the Companies (Share Capital and Debentures) Rules, 2014, Regulation 6 of the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations 2021, (“**SBEB Regulations**”), the implementation of employee stock unit plan requires prior approval of the shareholders by way of special resolution. Accordingly, the approval of shareholders is being sought for implementation of the Plan.

In terms of Section 62(1)(b) of the Companies Act, 2013 read with Rule 12 of the Companies (Share Capital and Debentures) Rules, 2014, Regulation 6 of the SBEB Regulations, the salient features of the Plan are given as under:

A. Brief Description of the Plan (including rationale on extending benefit to the subsidiary companies)

Keeping in view, the aforesaid objectives, the Plan contemplates grant of Units to the eligible employees of the Company (including successor companies) and its subsidiaries (present or future), working in India or outside India, as may be determined in due compliance of SBEB Regulations and provisions of the Plan.

The rationale for extending the benefit under this plan to the employees of the subsidiary companies is because there exists control of the Company and the contribution of the subsidiaries are consolidated in the Company’s Performance. Therefore it is imperative for the Company to appropriately incentivize and retain the employees of subsidiary companies and their contribution will have a direct impact on the Company.

Besides continuity of employment, vesting shall also be dependent on achievement of certain corporate performance conditions and individual key performance indicators (“KPIs”) details of which are given herein below. After vesting of Units, the eligible employees earn a right, but not obligation, to exercise the vested Units within the exercise period and obtain equity shares of the Company subject to payment of exercise price and satisfaction of any tax obligation arising thereon.

The Committee shall act as the compensation committee for the administration of the Plan. All questions of interpretation of the Plan shall be determined by the Committee and such determination shall be final and binding upon all persons having an interest in the Plan.

B. Total number of Units to be offered and granted:

The total number of Units to be granted under the Plan shall not exceed 25,00,000 (twenty-five lacs only) in one or more tranches, from time to time, which in aggregate shall be exercisable into not more than 25,00,000 (twenty-five lacs only) shares of face value of Re. 1 (Rupee One only) each fully paid up amounting to 0.79% of the paid-up capital of the Company. Each Unit when exercised would be converted into one equity share of face value of Re. 1/- (Rupee One Only) each fully paid-up.

Further, SBEB Regulations require that in case of any corporate action(s) such as rights issue, bonus issue, merger, sale of division etc., a fair and reasonable adjustment needs to be made to the Units granted. In this regard, the Committee shall adjust the number and price of the Units granted in such a manner that the total value of the Units granted under the Plan remain the same after any such corporate action. Accordingly, if any additional Units are issued by the Company to the grantees for making such fair and reasonable adjustment, the ceiling of aforesaid shall be deemed to be increased to the extent of such additional Units issued.

For instance, in case the vesting period is 3 (three) years, actual vesting for first two years shall be nil and 100% shall vest at the end of 3 (three) years subject to any downward adjustment basis KPI during the vesting period of 3 (three) years and employee is in service/employment at the end of vesting period of 3 (three) years.</p>
